

Bandage

For Facial/Liposuction

- Offers pulling of facial skin after face peeling
- Relieves edema & swelling after facial bone contouring surgery
- Enhances lifting effect after laser surgeries (V-line, face lifting, etc.)

For Adults

For Youths

JEIL BANDAGE is to help recovery after various facial surgeries (plastic surgery, facial peeling, laser surgeries)

JEIL BANDAGE holds patients' face/facial skin tightly, not only to relieve swelling & edema, but also to help hemostasis & blood coagulation.

When used after laser surgeries(Acculift, V-Line surgery, etc.), JEIL BANDAGE enhances the lifting effects.

* Consult a doctor prior of use this product.
